Video Downloader Brand Identity Guidelines

Prepared for: Muhammad Mudassir Nosheer
Version 1.0

Brand Vision

Build a modern, trustworthy and fast Android video downloader that feels premium, secure and easy to use.

Brand Personality

Modern • Fast • Reliable • Premium • Minimal • User Friendly

Target Audience

Android users looking for a clean and powerful video downloading experience.

Logo Concept

Rounded square app icon with a Play button merged with a Download arrow. Minimal, flat and recognizable.

Color Palette

Primary #2563EB (Royal Blue)
Secondary #3B82F6 (Sky Blue)
Accent #10B981 (Emerald)
Dark #0F172A
White #FFFFFF
Text #111827
Secondary Text #6B7280

Typography

Headings: Poppins SemiBold
Body: Inter Regular
Buttons: Inter SemiBold

Icon Style

Rounded, flat, consistent stroke width, modern outline icons.

UI Style

Large cards, 16px rounded buttons, clean spacing, light & dark mode, subtle shadows.

UX Principles

One-tap downloads, minimal clutter, smooth navigation, clear feedback, responsive animations.

Notifications

Blue = Downloading, Green = Success, Red = Error.

Brand Voice

Simple, professional, friendly and helpful.

Play Store Assets

512x512 App Icon
1024x500 Feature Graphic
8 Phone Screenshots
Short & Full Description

Design Inspiration

Google Files, Brave Browser, Telegram and Spotify for simplicity and polish.
